

Welcome Summer!

We've created these checklists to help transform summer chaos into summer fun and teach your kids responsibility along the way.

- The first checklist is for children who typically stay home during the day.
- The second one is for children who are gone during the day, maybe at day camp or childcare.
- The third is for evening display.

We are happy to support you and your family this summer and would love to hear how incorporating this strategy has impacted your home life. I display our family checklist in 8x10 frames and on the kitchen counter for all to see. I have two frames, one for morning and one for evening. Where ever you choose to post, make sure it is in a convenient location for all to see.

Enjoy and make it a great summer!

Amy
